Slide 5

Release 5.1 introduces a new mobile query feature that streamlines the basic CM/ECF search when using portable devices.

This interface is reformatted for easier viewing and accessibility on smaller screens.

Other issues such as bandwidth or data transfer speed have also been addressed for more satisfactory results.

Slide 9

The screenshot shows a presentation slide with a dark blue header and footer. The header contains a left-pointing arrow and the text 'Table of Contents' on the left, and '\$\$cpInfoCurrentSlide' and '\$\$ of' on the right. The main content area is white and features the title 'Mobile Query' in a large, bold, black font. Below the title is a black rectangular box with white text. The text inside the box reads 'Mobile Query can search by:' followed by a bulleted list of three items: 'Case number', 'Party name', and 'Key word(s) in docket text within a case'. The footer of the slide is dark blue and contains the AO logo (a stylized 'AO' in white) and the text 'Administrative Office of the US Courts' and 'Office of Information Technology'.

This is a modified search program, not all query searches are available, but the basics are available like the case number and party name.

And in the Mobile Query you can do text searches on docket entries in a single selected case.

The screenshot shows a presentation slide titled "Mobile Query". At the top left, there is a navigation bar with a left-pointing arrow and the text "Table of Contents". At the top right, there is a navigation bar with the text "\$\$cpInfoCurrentSlide" and "\$\$ of". The main content area of the slide is white and contains the title "Mobile Query" in a large, dark font. Below the title is a dark rectangular box with a white border. Inside this box, there are two sections of text, each preceded by a right-pointing arrowhead (➤). The first section is titled "Case Number" and contains the text "Spaces can be used instead of dashes or other punctuation." The second section is titled "Name of Party" and contains the text "Enter at least two letters of last name." At the bottom right of the slide, there is a logo for the "Administrative Office of the US Courts" and "Office of Information Technology".

When you search by a case number, spaces can be used instead of dashes or other punctuation. And when you search for a party, the format is "Last Name, First Name", where a comma separates the two parts. The first name is optional.

Enter at least two letters of the last name and if you enter only one letter the search will only find people whose last name are exactly that letter.
