3.) Please summarize why the case information from the Public Access to Court Electronic Records (PACER) service is needed and how it will be used. Also, please explain why an exemption from the courts identified is necessary. If you need more space, please provide in an attachment.

I am a Finance doctoral student at University of Illinois at Urbana-Champaign and currently doing research about the household bankruptcy. The research is basically looking at the impact of local community social shock to the resident's bankruptcy decision/pattern. In academia, little has been done in this area and local community social capital might have spillover to local economy/bankruptcy pattern. Therefore, the detailed information about filers are critical information for the research. The geo-location/detailed characteristics of each case filers will be needed from the PACER and the public access to PACER cannot be stressed enough. This research will be helpful for the bankruptcy policy maker to think about the spillover channel through which bankruptcy can impact local community social trust or capital. Moreover, identifying the impact of local social capital on households' bankruptcy can be helpful for courts/judges/policy maker. Therefore, this research can extend the academia research on

4.) In support of this application, I affirm the following:

a) An exemption from the Judicial Conference's EPA Fee is necessary in order to avoid unreasonable burdens and to promote public access to information.

b) That the exemption will be for a definitive period of time: 08/31/2023

c) I understand that this fee exemption will apply only to me, will be valid only for the purposes stated above, and will apply only to the electronic case files of the court(s) indicated above that are available through the PACER service.

d) I agree that any data received through this exemption will not be sold for profit, will not be transferred, will not be used for commercial purposes, and will not be redistributed via the Internet.

Declaration: I declare that all the above information is true and understand that a false statement ☒ may result in termination of my exempt access and an assessment of Electronic Public Access usage fees. (The box must be marked or your request will not be considered)
