General Professional Experience

I bring to my mediation and arbitration practice the fundamental belief that differences in thought, gender, religion, ethnicity, sexual orientation and race must be respected (despite our own individual biases) and that such respect can help disputants to jointly agree on common sense solutions. I have over 10 years of experience as a practicing attorney. I am a corporate generalist with a specialty in the healthcare sector who has managed litigation. I am currently an in-house business attorney. I have deep knowledge of corporate and commercial law along with a working knowledge of all of the other major areas of law including intellectual property (trademark, copyright, patent, trade secret), employment, and real estate.

Experience with Bankruptcy Law

I have managed bankruptcy cases throughout the United States on behalf of nursing homes that could not meet their federal and state legal requirements.
